### Identification

|                          |                          |
|--------------------------|--------------------------|
| Category                 | Hoods / Housings         |
| Series of hoods/housings | Han A <sup>®</sup>       |
| Type of hood/housing     | Bulkhead mounted housing |
| Type                     | Low construction         |

### Version

|                      |                                                     |
|----------------------|-----------------------------------------------------|
| Size                 | 32 A                                                |
| Locking type         | Central locking lever (on the hood)                 |
| Field of application | Standard Hoods/housings for industrial applications |

### Technical characteristics

|                                        |                                                |
|----------------------------------------|------------------------------------------------|
| Tightening torque                      | 1 Nm Fixing screws M4                          |
| Limiting temperature                   | -40 ... +125 °C                                |
| Note on the limiting temperature       | For use as a connector according to IEC 61984. |
| Degree of protection acc. to IEC 60529 | IP65                                           |
| Type rating acc. to UL 50 / UL 50E     | 4                                              |
|                                        | 4X                                             |
|                                        | 12                                             |

### Material properties

|                         |                      |
|-------------------------|----------------------|
| Material (hood/housing) | Aluminium die-cast   |
| Surface (hood/housing)  | Powder-coated        |
| Colour (hood/housing)   | RAL 7037 (dust grey) |
| Material (seal)         | NBR                  |

**Pushing Performance**  
Since 1945
